ADMINISTRATION: NORTH CENTRAL REGIONAL CENTER FOR RURAL DEVELOPMENT

Assistant Director (1983)

Director (Professor-in-Charge, 1984-1994)

Provided leadership for the regional rural development research and extension program. Involved regular and continuing contact with faculty and administrators across the 12 state North Central region to determine needs and priorities in rural development research and extension and develop the research and extension agenda.

Generated regional research and extension work on priority issues. Involved administering an annual grants program for research and extension land grant faculty in the region.

Facilitated progress and direction of projects. Involved insuring that all Center projects were productive by providing guidance and direction to project groups and leaders.

Secured and maintained Center support. Involved development of plans of work for extension and research that reflected state, regional, and national priorities and writing proposals for funding.

Revitalized the organization and mission. Involved working with the Board of Directors in establishing Center policy, direction and funding for projects; providing regular reports to Extension and Experiment Station directors on activities of the Center; developing and maintaining liaisons with relevant USDA organizations and other public and private development organizations; and coordinating efforts with the other regional rural development centers.
